Hello Art –

Yes the flyer is available in Spanish. The EPA Community Involvement effort to date has focused on E 52<sup>nd</sup> St, between Maywood Ave and Everett Ave. This has involved conversations with residents on the north side and distribution of Fact Sheets in Spanish and English to the residents on both the north and south side.

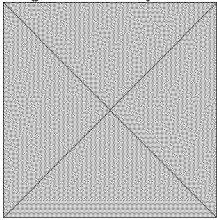

I have attached copies of both English and Spanish Fact Sheets. Please contact me with any additional questions.

Additionally, I am looking for a point of contact (POC) within local government for the City of Maywood. My intent is to provide periodic updates to the POC as well as request assistance for any operational needs (sidewalk closures, parking restrictions, etc.) to support the removal activities. I would very much appreciate if you can direct me to a POC, if other than yourself.

Thank you,
